

BOXES

Designed by

Tonny Glismand & Karl Rudiger

Product Description

Saving the world from dull storage solutions. A fine balance of asymmetry allows the un-matching boxes to fit together harmoniously, juxtaposing spaces for showing with spaces for hiding. The plywood edges of the frame are exposed to create a pleasing pattern of lines around the boxes, while the slim metal legs retain an air of lightness.

Material

Cabinet: plywood, oak veneer, PU finish
Door: MDF, oak veneer, PU finish
Legs: metal, powder coating

Assembly
Legs KD

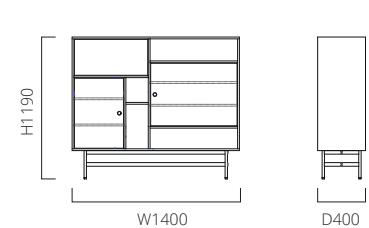

BOXES cabinet low ID: 029-1801
